TAKEUCHI ANNOUNCES JOB EQUIPMENT RENTALS AND SALES AS NEW DEALERSHIP

Atlanta, GA: Takeuchi-US is pleased to announce that JOB Equipment Rentals and Sales is the latest dealership to become a member of the Takeuchi dealer network, representing the full line of compact earthmoving equipment.

Located in Jeffersonville, Indiana, JOB Rentals and Sales is a full service construction equipment rentals, sales and service oriented company, committed to providing contractor's with the right solution and superior support. The dealership is staffed by industry professionals who boast numerous years of experience with both light and heavy construction equipment to serve their southern Indiana and northern Kentucky customer base.

JOB Rentals and Sales has fully equipped service facilities which allow them to maintain their equipment and make any necessary repairs to ensure maximum uptime. We are confident the partnership between Job Equipment Rentals and Sales and Takeuchi will best serve both our existing and future customer base. Success of their dealership is derived from an expansive rental fleet, quality solutions in new and used equipment, and superior after sales support.

"Job Equipment Rentals & Sales have a proven history of exceeding expectations and are committed to seeing their success through their customers." said John Vranches, National Sales Manager for Takeuchi. "We welcome JOB into the Takeuchi family and feel our partnership will best serve both the existing and future Takeuchi customer base."

Takeuchi is an ISO 9001 certified manufacturer of an extensive line of compact track loaders, compact excavators, and compact wheel loaders. Founded in 1963, Takeuchi was the first company to introduce the compact excavator to North America, setting the stage for one of the highest growth product segments ever introduced in the compact equipment market. The compact excavator has become a main line product for both rental and construction/utility companies. Takeuchi continued to lead the compact construction industry with the introduction of the first compact track loader to North America.
