

FOR IMMEDIATE RELEASE

## TAKEUCHI ANNOUNCES NUECES POWER EQUIPMENT AS NEW DEALER

Atlanta, GA: [Takeuchi-US](#), an innovative global leader in compact equipment, has announced [Nueces Power Equipment](#) as a new dealer. Based in Corpus Christi, Texas, the company will carry Takeuchi's compact excavator and track loaders in their Houston and San Antonio locations. In addition to stocking parts, these locations will also be authorized Takeuchi equipment repair centers.

Established in 1989, Nueces supplies a wide range of new, used and rental construction equipment throughout the central, southern and western parts of Texas, in addition to southern New Mexico.

"It's evident from this dealership's growth that Nueces Power Equipment is thriving, and we believe our products will further their momentum," said Todd Granger, director of dealer sales at Takeuchi-US. "They have been a dealer for nearly 30 years and they're backed by great customer service, along with a strong construction equipment lineup."

"We aim to be the one-stop shop for any equipment our customers want or need," said Rodney Bishop, general sales manager at Nueces. "Prior to our relationship with Takeuchi, our offering mostly consisted of heavy equipment. Having compact equipment will only boost our lineup, and our loyal customers are already excited to be able to buy and rent Takeuchi machines."

### About Takeuchi

Takeuchi is an ISO 9001 certified manufacturer of an extensive line of compact track loaders, compact excavators, compact wheel loaders, and skid steer loaders. Founded in 1963, Takeuchi was the first company to introduce the compact excavator to North America, setting the stage for one of the highest growth product segments ever introduced in the compact equipment market. The compact excavator has become a main line product for both rental and construction/utility companies. Takeuchi continued to lead the compact construction industry with the introduction of the first compact track loader to North America.
