## TAKEUCHI ANNOUNCES ROADBUILDERS MACHINERY AS NEW DEALER IN SOUTHWEST MISSOURI

**Atlanta, GA:** Takeuchi-US, an innovative global leader in compact equipment, has announced [RoadBuilders Machinery & Supply](#) as a new dealer. Located in Springfield, Missouri, the company also has a location in Kansas City, Kansas, where it is headquartered, and four locations throughout Nebraska.

RoadBuilders Machinery & Supply will carry the full lineup of Takeuchi equipment, including excavators, track loaders, skid steer loaders and wheel loaders. The dealer provides sales, service, parts and rental to customers throughout southwest Missouri, including Springfield, Branson and Joplin.

Originally starting off serving the construction industry when it was established in 1985, the dealer has since branched off into additional markets with more available equipment lines. This includes construction, earthmoving, mining, landscaping, erosion control, aggregate processing, drilling, material handling, paving, compaction, trailers and attachment products.

“We have worked with all five of the other RoadBuilders Machinery branches, so we know the top notch support they provide, in addition to highly trained service personnel,” said Jeff Stewart, vice president and general manager at Takeuchi-US. “We have no doubt Takeuchi will do very well in Springfield and the surrounding areas with such a well-established dealer. We are excited to expand upon our strong partnership.”

“Takeuchi is a strong brand and the machines have done very well at our locations,” said Josh Clymer, vice president of RoadBuilders Machinery & Supply. “We are looking forward to expanding our relationship with Takeuchi, in addition to providing a great option for our customers in southwest Missouri.”

### About Takeuchi

Takeuchi is an ISO 9001 certified manufacturer of an extensive line of compact track loaders, compact excavators, compact wheel loaders, and skid steer loaders. Founded in 1963, Takeuchi was the first company to introduce the compact excavator to North America, setting the stage for one of the highest growth product segments ever introduced in the compact equipment market. The compact excavator has become a main line product for both rental and construction/utility companies. Takeuchi continued to lead the compact construction industry with the introduction of the first compact track loader to North America.
