

FOR IMMEDIATE RELEASE

TAKEUCHI RECOGNIZES ALLIED MACHINERY CORPORATION AS NORTH AMERICAN DEALER WITH TOP MARKET SHARE

Atlanta, GA (May 25, 2021): [Takeuchi-US](#) has presented [Allied Machinery Corporation](#) with an award for achieving top market share of all Takeuchi dealers in North America during 2020. Allied has provided Takeuchi equipment sales, service, parts and rentals to customers from five locations on four Hawaiian Islands since 1993.

“In the 28 years that Allied Machinery Corporation has represented the Takeuchi line, they’ve worked hard to help customers in a broad range of industries find the best possible equipment solutions for their unique needs,” said Shay Klusmeyer, divisional sales manager for Takeuchi-US. “Furthermore, their team has developed the experience, expertise and strong relationships that keep customers coming back when they need to rent or purchase their next machine. We’re incredibly pleased with the outstanding job they’ve done for Takeuchi, and we congratulate them on their success.”

Allied Machinery Corporation has its beginnings in the late 1950s, before Hawaii was even a state. Founder Patrick Feyerisen managed an equipment dealership on Waipahu for many years before striking out on his own in the mid-1970s by launching Allied Machinery. Since then, Allied Machinery has grown to be Hawaii’s largest locally owned and operated firm.

“I speak for all of us at Allied Machinery when I say we’re very proud to receive this award,” said Jeff Feyerisen, president and sales manager for Allied Machinery Corporation. “Doing business in Hawaii is very different than doing business in other states, and our primary objective has always been to keep our customers happy. I’d like to personally thank Shay and the entire team at Takeuchi-US for the excellent equipment, training and support that have helped make this achievement possible.”

About Takeuchi

Takeuchi is an ISO 9001 certified manufacturer of an extensive line of compact track loaders, compact excavators, compact wheel loaders, and skid steer loaders. Founded in 1963, Takeuchi was the first company to introduce the compact excavator to North America, setting the stage for one of the highest growth product segments ever introduced in the compact equipment market. The compact excavator has become a main line product for both rental and construction/utility companies. Takeuchi continued to lead the compact construction industry with the introduction of the first compact track loader to North America.
