

FOR IMMEDIATE RELEASE

TAKEUCHI FAMILY FUN DAY AND FOOD DRIVE RAISE MORE THAN \$4,000 FOR LOCAL FOOD BANK

Atlanta, GA (Nov. 18, 2021): On Friday, November 12, Takeuchi-US employees, including President Jeff Stewart, presented the Banks Jackson Food Bank in Commerce, GA with enough food for 200 Thanksgiving dinners and an extra \$2,550 to buy additional turkeys to feed even more needy families. This generous donation, worth a total of about \$4,000, started out as a simple accompaniment to a fun company event and morphed into something far more meaningful.

In October, Takeuchi hosted employees and their families for Family Fun Day. Leading up to the event, Takeuchi had a food drive to collect both food and monetary donations for the Banks Jackson Food Bank.

At Family Fun Day, approximately 200 adults and children enjoyed a pumpkin patch, food from local food trucks and numerous activities including bouncy houses, pumpkin painting, an egg race, a magician, corn hole games, a photobooth, a giant “Jenga” game and hayrack rides. One particularly popular event was “Meringue the Manager,” where employees paid money to throw whipped cream pies at their managers, raising an additional \$600 for the food bank.

Takeuchi then generously agreed to double whatever employees raised, which resulted in the total donation of 200 Thanksgiving dinners and \$2,550 in additional funds.

“We wanted to host Family Fun Day for our employees so that they could bond after a long year apart following the pandemic,” said Takeuchi-US President Jeff Stewart. “It was also a great way for us to come together and do something for our community. I’m proud of how our employees stepped up and raised a significant amount of money that will help local families enjoy Thanksgiving dinners that they wouldn’t have otherwise been able to afford.”

About Takeuchi

Takeuchi is an ISO 9001 certified manufacturer of an extensive line of compact track loaders, compact excavators, compact wheel loaders, and skid steer loaders. Founded in 1963, Takeuchi was the first company to introduce the compact excavator to North America, setting the stage for one of the highest growth product segments ever introduced in the compact equipment market. The compact excavator has become a main line product for both rental and construction/utility companies. Takeuchi continued to lead the compact construction industry with the introduction of the first compact track loader to North America.
